Update from the Chamber of Commerce

This morning, Bob Mundt, spoke to the club. Bob has been with the Council Bluffs Chamber of Commerce for the past twenty three years. He spoke about the active efforts the Chamber has been making with the greater Omaha area to promote economic development in this area. He spoke

about the efforts being made locally in marketing Council Bluffs as a "tech" community thanks to Google's presence in addition to the efforts of making Council Bluffs a "wifi" City. The Chamber has been working with area colleges and universities in educating the work force for new business needs. Finally he provided updates as to the general status of the City along with sharing his thoughts about the progress of the interstate project, growth in the downtown area, redevelopment of the West Broadway corridor along with the activity happening along South Omaha Bridge Road. Other discussions centered around retail development. Bob has been to our club before and he is always very informative. Thanks to Ron Searcy for asking Ron to present.

ATTENTION! ATTENTION! ATTENTION!

As we have done in the past, the board has decided to cancel the regular meeting on April 13, 2016 due to the career fair and the expected participation by club members. Please mark your calendar accordingly.

Congratulations to Scott Darrah for being selected for membership to the Million Dollar Round Table. Membership is based upon professional success, client service, adherence to a code of ethics, professionalism and involvement in at least one industry association. Membership to the Million Dollar Round table is achieved by less than one percent of the world's life insurance and financial services professional. Way to go Scott!
