## Scholarship Recipients

On Wednesday, we had the opportunity to hear from our two scholarship recipients. This year Britney Katzenstein and Harrison Jones were each awarded a \$1,000.00 scholarship from our club. Both students appear very serious about their academics and are near the top of their class. Also, both attended our district's RYLA camps. Britney is a senior at Thomas Jefferson High School. She talked about wanting to major in psychology with the intention of going on to graduate school to earn either her PhD in Clinical Psychology or become

a psychiatrist. She indicated she has applied to seven different colleges, having been accepted into all of them. Britney has been involved in theatre and speech. Her interest in theatre was inspired by her volunteer work at the Chanticleer Theatre. She indicated she was been in-

ducted into the International Thespian Society following her junior year. She was also nominated as Senior Representative of their Thespian troupe. Britney talked about her involvement with the Pulsera Project at her high school. This organization is based in Nicaragua. Britney

founded/managed a branch of this nonprofit entity. Money earned through this organization are used to support education, assist with environmental programs and community projects. Harrison is a senior at Abraham Lincoln High School. School is very important to Harrison and he has made a concerted effort to have friends who have the same passion for learning. Like Britney, he is very involved in activities and giving of his time. In the past two years, he has participated in football, track, baseball, National Honor Society, JROTC, robotics and student council to name a few. His current robotics team is ranked 8th in the United States and 32nd in the world! Harrison has been active

with volunteer work. He has been involved in various mission trips and has donated his time with local churches. Harrison has been inspired by family members to pursue his ultimate dream of joining the military. As he stated, this would be the ultimate way to give of his time. He has applied to the United States Military Academy and is awaiting word of his acceptance.

Britney and Harrison were chosen from thirty one total applicants. Both have a very bright future. Thanks to our committee members, Luke, Chris and Nancy for all of their hard work in recognizing these two fine students.
