MITCH KAY

Mitch Kay gave his vocational presentation to the club today. Mitch originally hails from Underwood Iowa where he went to school. In high school, Mitch shared he was the only four year letter winner of his school, that being in golf. He attended college at the University of Iowa with aspirations of going into the medical field however he discovered this career path was not suited for him. He graduated with a degree in accounting and business. When he finished college he returned home and worked at the family business, a lounge in Underwood. Not long thereafter, he left the family business and went to work for Peoples National Bank as a teller. While at Peoples (now known as American National Bank), he worked not only as a teller, but also in customer service, in special assets and collections to his current position as a commercial lender. Mitch now lives in McClelland Iowa and belongs to various organizations in addition to Rotary. He is a Mason and is a City Council Member for the city of McClelland. Thanks to Mitch for sharing a few moments with us this morning.

"RLI is a wonderful overview of Rotary. It helps you understand and appreciate the power and reach of this magnificent organization dedicated to promoting world understanding and peace. You'll come away with an appreciation for our history and an understanding of where Rotary is currently heading.

I would highly recommend it to any Rotarian. It's great for newcomers to become acquainted with the purpose and structure of Rotary and it will help veteran Rotarians catch up on many of the more recent changes."
