Birthdays/Anniversaries:

Sept. 6: Jaymes & Jamie Sime

Sept. 27: Amber & Phillip Hawk

This morning Mary Jewell, Judy Guttau and Kelsey Stupfell from TS Bank spoke to the club about the bank's outreach to the community.

Judy spoke about how she and

TS Bank
IGNITE PROSPERITY®

her husband acquired the bank in 1978 and the efforts they have made since to give back to the community. Early on, her husband along with their son, decided they would give ten percent of the bank's pre-tax profits to the community. In 1999, a foundation was created, the TS Community Foundation, as a vehicle to facilitate the giving of tax deductible donations from members of the community. These funds are available to help members/ organizations within the community. The bank has also created a Community Reinvestment division with the goal of developing long term community prosperity. One aspect of this program is the bank's own "shark tank" program which is designed to give local entrepreneurs an opportunity to

Upcoming Greeter Assignments

September 21: Frank Fauble

September 28: Rick Stone

October 5: Bryan Christensen

October 12: Bob Mantell

October 19: Jaymes Sime

October 26: Kristen Westergaard-Bladt

November 2: No meeting

November 9: Rita Berthelsen

November 16: Chuck Hannan

November 23: No meeting

November 30: Ron Searcy

Greeter Assignments/Program Host Assignments & Room Set - Up Assignments

You have heard the adage that “it takes a village”, well we have that and then some with our club. Recently, Jaymes sent out information to the club as to responsibilities for Greeter/Program Hosts and Room Set Up assignments for all members of the club. Our newsletter will incorporate a rolling calendar as a reminder for when your turn is to come about. I thought it would be helpful to reiterate the information in that email as to responsibilities with each assignment.

Greeter: Although not new to our club but certainly new to many of our members, we will be bringing back our Greeter responsibilities. The newsletter will identify this assignment for the upcoming weeks for your convenience. Essentially your job as a greeter, is to do just that: greet our members and guests. Its great to have a friendly face greet you at the door so when it is your turn, please plan on being in the room by at least 7:00 a.m. If you are waiting for guests to arrive, you can always help out with setting up the room. It does not take long to do. Also, if you can't make it for your week, please try and switch with another Rotarian or contact Jaymes and let him know accordingly.

Program host/Room set up: This is a combined role. As you know, when you are the program host, you are responsible for setting up the program for that week. Once a program has been identified, please make sure you share that information with Jaymes and with Craig so we can make sure this information is shared with the rest of the club. If you need ideas for possible programs, please see Jaymes. In addition to the program for that day, you are also responsible for setting up the room and taking down the room both before and after the visit. If you have questions as to what is needed in setting the room up/where to find items, etc. please visit with Jaymes.

(TS Bank continued)

receive money to help them grow their existing business. The idea simply being that by making that company stronger, it creates a positive impact upon the community. The bank also promotes financial literacy with youth by setting up banks in area schools as a way to stimulate saving. They also provide educational allotments for each employee of TS Bank to be used to advance their educational desires. The last component of outreach shared related to its TS Prosperity Group. The goal of this group is to not only help their client's achieve financial prosperity with good returns on the investments it manages but also prosperity for the entire family. Mary shared the goal of their investing strategy was risk optimization. By that she shared that they invest for the downside. The example she shared related to a car speeding through an curve. She shared that if you go to fast you will lose control and crash. Their goal is to go at the fastest speed possible in order to safely navigate the curve.

The three also shared additional examples of how TS Bank and its employees give of their time and energy in supporting local community organizations. They shared that TS Bank is a community prosperity engine. Working together, they strive every day to create an increasingly positive impact on their clients and our communities. For more information about TS Bank and how they support our community, you can go to their website at www.tsbank.com. Thanks to Bob Mantell for our program.

SHELTER BOX UPDATE

Our club is supporting the Shelter Box organization with our monthly club contributions from October through December. In addition to these contributions, our club is partnering with Caitlin Lombardo's Rotaract Club in an effort to raise even more money. Our clubs need your help in attracting area businesses to allow us to set up a collection box for customers to put in spare change, etc. in an effort to raise additional funds. Caitlin's group will create the boxes to display which explain what Shelter Box is all about. The idea is to try and create a "cash war" within a business which are supported by customer donations. An example given was in a vet clinic where two boxes were displayed, one favoring dogs and one cats. Customers gave to whichever animal group they preferred. It's a simple concept. We just need locations to put them. Caitlin's group can even help create ideas for the cash wars. We already have two businesses, thanks to Cary and Scott, who are willing to participate but we need more. If interested, please contact Caitlin Lombardo. Her number is 712-310-5083 if you would like to contact her with some business names.

MORE
WITHIN
REACH

As you know, Scott Darrah is a financial planner with Ameriprise Financial. Scott has shared that his company has an outreach program geared toward funding various community service projects. He indicated this may present an opportunity to have financial backing for a service project. Ameriprise has its own rules which need to be followed but the important thing to remember is this is an opportunity. So, if you have any ideas for community service projects/programs, etc., please share these with Scott.

Make Up Opportunities

Monday: North- Noon, Eppley Airport Conference Center;
